

Because the Black Diamond Team is committed to stay on the cutting edge (no pun intended) of the latest in state of the art technology and high standards of best practices.....

BDTS Employees Participated in ArborMaster Training

Ken Palmer, President and co-founder of ArborMaster and Instructor Martine Morales facilitated a training program specifically tailored for Bill and his team here in Wilmington, Vermont. Our goal was to enhance and increase safety, technical skills, knowledge and expertise to meet the needs of our current and future clients. Course content included safety and risk management, climbing, rigging, aerial rescue, and emergency response.

Standing from left to right are Josh Sargent, Jake Pratt, Jason Perna and Bill Foery. Kneeling are Ken Palmer and Martine Morales

Since 1995, ArborMaster (www.ArborMaster.com) has been the leader in innovative safety, skill and productivity training and solutions for people and organizations who work with, in, and around trees.

ArborMaster specializes in training, education and consultation with a focus on safety systems and field operational excellence. As a partner and mentor to thousands of arborists worldwide, they are the premier provider of training for tree climbing & large tree pruning, chainsaw safety and precision felling, working aloft with chainsaws, tree rigging & dismantling, aerial lift operations and more.

Our crew completed four levels of training and evaluation during a total of six days and all crew members received a certificate of participation. Safety is one of our highest priorities at Black Diamond Tree Service and we were pleased that we had the opportunity to work with such fine professionals from ArborMaster.
